

Kellogg's[®] Sheet Facts

Salt content of Kellogg's[®] products

Salt is added to Kellogg's products to help enhance their flavour. Whilst some of our grain-based foods contain more salt than others, we provide a range of products to suit consumers' different nutrition and taste needs.

The following Kellogg's grain-based foods are low in salt (<120mg sodium/100g):

Breakfast Cereals

Just Right[®] Original

Just Right[®] Clusters & 5 Grains

Mini-Wheats[®] 5 Grains

Mini-Wheats[®] Blackcurrant Flavour

Mini-Wheats[®] Mixed Berry Flavour

Sustain[®]

Please note the above dietary information is of a general nature. Kellogg recommends that people with special dietary requirements or dietary sensitivities consult a medical practitioner and/or dietitian to obtain advice about specific dietary needs and suitable products. Kellogg also recommends that people with special dietary requirements check the ingredients list regularly as product formulations may change over time.
